SECOND SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

Commissioner for Patents
U.S. Patent and Trademark Office
Customer Window, Mail Stop ____
Randolph Building
401 Dulany Street
Alexandria, VA 22314
Sir:

Patent Owner hereby submits the following documents which have been brought to the attention of the Patent Owner during recent license negotiations.

(1) US 4,079,957;

(2) Six Catalog pages of company Processed Plastic Company showing a TimMee toy (1997);

(3) Four pages of assembly Instructions for Push, Pedal & Ride Trike (date unknown); and

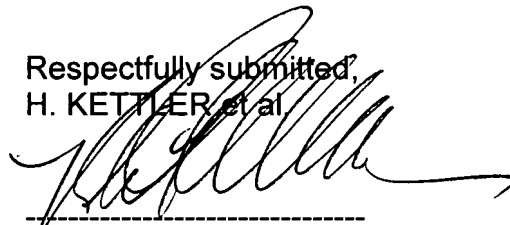

(4) Figs. 1, 2A and 2B purporting to show the Push, Pedal & Ride Trike in a fully assembled state and a partially disassembled state (date unknown).

Document (3) was asserted by a potential licensee during the license negotiations to be essentially the same as a manual which was sold with the Push, Pedal & Ride Trike shown in document (2). Document (4) was asserted by the potential licensee during the license negotiations to be pictures of the Push, Pedal & Ride Trike shown in document (2). The potential licensee's assertions are predicated upon a declaration of a former Product Designer, Team Leader and Product Development Manager of Processed Plastic Company. Patentee has no knowledge as to the veracity of these assertions, whether documents (3) and (4) correspond to document (2), or whether documents (3) and (4) in fact constitute prior art against the instant application.

Copies of the above-noted documents (2) – (4) are attached hereto. A copy of document (1) is not enclosed as this document is a US patent. A completed Form PTO-1449 listing all of these documents is enclosed. Accordingly, the Examiner is requested to consider these documents and to indicate such consideration by returning a signed and initialed copy of the Form PTO-1449 with the next official communication from the USPTO.

Any questions concerning this request should be directed to the undersigned at the below-listed telephone number.

Respectfully submitted,
